2023 Kezar Lake Watershed LakeSmart Report

About LakeSmart

The LakeSmart program teaches property owners best practices for managing their shoreline property to reduce or eliminate storm water runoff and erosion into their lakes and ponds. Responsible management reduces phosphorous loading and potential for catastrophic algae blooms. Landowners receive a free 1-hour evaluation and site-specific recommendations. Properties which are particularly lake-friendly receive the LakeSmart Award, with accompanying signs to display on the owner's shore and at the end of the driveway.

KLWA is part of Maine Lakes' LakeSmart program, and Lakes Environmental Association serves as our regional administrative hub. KLWA is proud to recognize the dedicated volunteers who make its LS program possible; to recognize the area's property owners who have participated this season in the program; and to announce the 2023 recipients of KLWA area LakeSmart Awards.

Our Team

KLWA's LakeSmart program relies on our evaluators to walk lakeshore properties and provide suggestions to homeowners to minimize or eliminate storm water runoff into their lake. Here's our team:

Chris Brink
Dave Durrenberger

Emlyn Emerock
Kevin Rooney (in training)

2023 LakeSmart Participants (LakeSmart Awards in bold)

KLWA thanks each of the listed property owners for helping to ensure that our beautiful lakes and ponds in the KLWA area stay pristine for generations to come.*

Ronald Anderson (Kezar Lake)

Robert Bast and Carolyn Kerksmar (Kezar Lake)

Mary Louise Blanchard (Kezar Lake)

Margaret, Harold, and Janet Buckingham (Kezar Lake)

Katy Briber (Kezar. Lake)

Deborah Davis (Kezar Lake)

Beth and Erik Eames (Kezar Lake)

Suzanne Hays (Kezar Lake)

Susan Hebert (Kezar Lake)

Barbara Hauser (Kezar Lake)

Ingrid Johnson and Deborah Nelson (Kezar Lake)

Wendy Molin and Daniel Mills (Kezar Lake)

Bill Paulmann and Sarah Clemons (Kezar Lake)

Heidi and Barry Star (Kezar Lake)

Susan Welchman (Heald Pond)
